Deputy Headteacher's Message

Science Week

This week has been our science week with recycling as the main theme. On Monday, South Gos. Council Recycling team came into school and took assembly highlighting the recycling system that we use in our homes and its importance. This was followed by workshops for both KS1 and KS2. KS1 investigated worms which was an exciting experience for us all!!! KS2 used glass jars, making them into lanterns using glass paints. Thursday brought us a beautiful day that enabled our Spring Clean of both the school grounds and an identified area in the community (Savages Wood), to be very successful and a lot of fun. The children have become far more aware of the importance of throwing rubbish in the bin by this exercise. They have also demonstrated a pride in their school and community by the amount of rubbish that they have collected and the enthusiasm with which this was done. I think we were all surprised with some of the items of rubbish that were found today. A BIG thank you to one of KS1 parents who found a purse in the woods which has now been given to the police.....hopefully to be returned to the owner ASAP.
